PAVILION

PAVILION™ GRANDE

ALFRESCO LIVING REDEFINED

CLASSICAL ARCHITECTURAL PROPORTIONS

Experience outdoor living like never before with the unparalleled aesthetic of Pavilion. The classical architectural proportions of Pavilion created by larger columns and bulkheads, and the distinctive Edge gutter, respond to emerging trends for a more substantial looking structure.

METICULOUS ATTENTION TO DETAIL

With meticulous details such as Aluminium Composite panels (popular in many commercial buildings and architectural projects), integrated LED lighting and concealed fasteners and downpipes, Pavilion adds an element of sophistication, elegance, and glamour to outdoor living.

CONTEMPORARY PALETTE OF COLOURS & FINISHES

The contemporary palette of colours and finishes of Pavilion has been inspired by nature, reflect the earthy hues of the Australian landscape, and compliment the raw materials featured in today's architecture.

INSULATED COMPOSITE ROOFING

The smooth ceiling like finish of the insulated composite roofing further enhances the clean, contemporary design and thermal comfort of Pavilion.

"This is so much more than just an outdoor living area, this is… alfresco living redefined."

STRATCO

PAVILION GRANDE™

A DRAMATIC SENSE OF OPENNESS AND SPACE

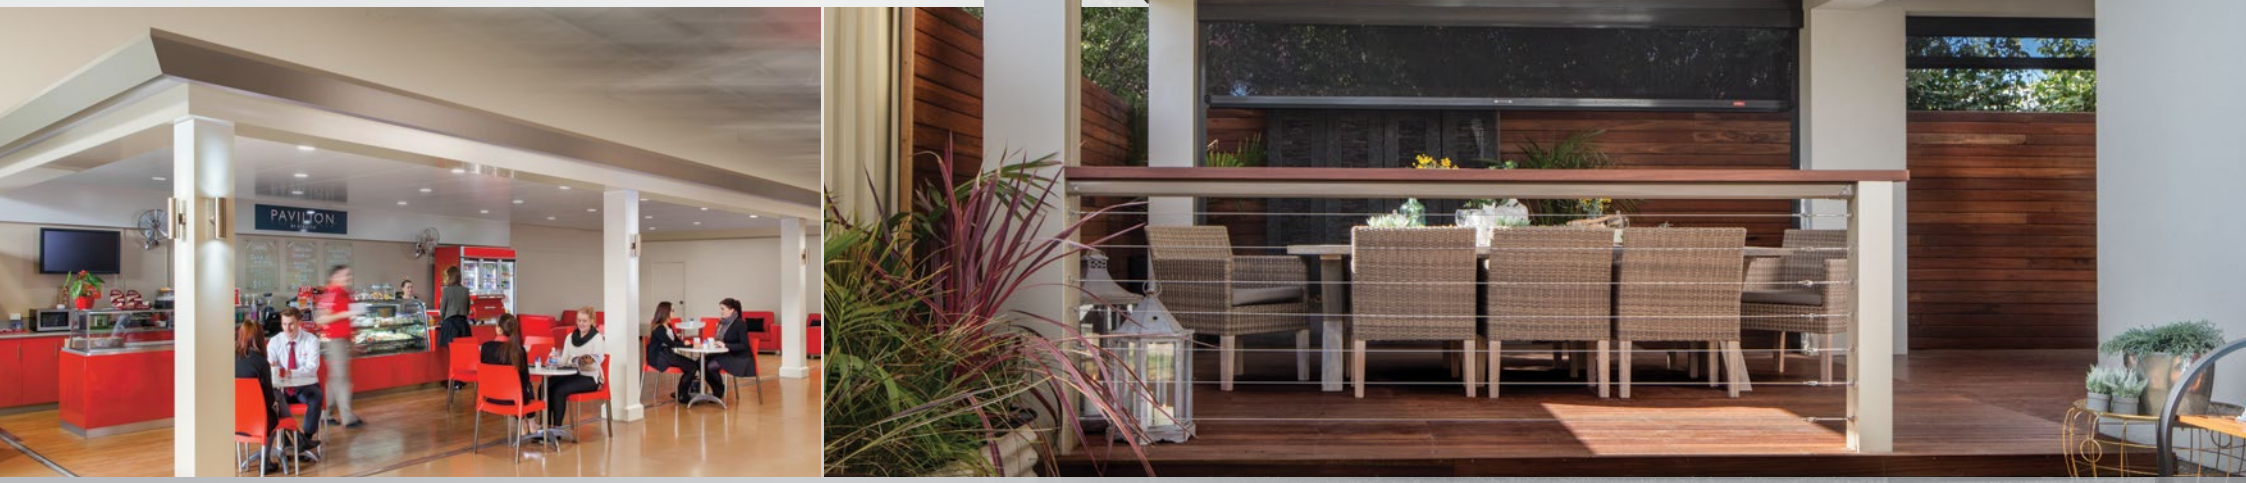
Engineering capabilities have been optimised to minimise the number of columns required and maximise roof spans, giving Pavilion a dramatic sense of openness and space.

SO MUCH MORE THAN JUST AN OUTDOOR LIVING AREA… ALFRESCO LIVING REDEFINED

Suitable for new builds and retro-fit applications, freestanding or attached, Pavilion will assimilate with and enrich any home environment.

IDEAL FOR COMMERCIAL PROJECTS

The extremely wide spans and integrated lighting of the Pavilion Grande make it perfect for commercial projects such as cafés, restaurants, hotels or any outdoor meeting space.



Flexible design allows choice of freestanding or attached to house

PAVILION

PAVILION™ SLIQUE

SOPHISTICATED ELEGANCE

Pavilion Slique offers all the outstanding aesthetics that have defined Pavilion as the benchmark in stylish patio design. With slimmer proportions and unrivalled architectural appeal, the Pavilion Slique is absolutely perfect for executive townhouses or urban homes. Bringing a new level of sophistication to your alfresco lifestyle.

CLEAN ARCHITECTURAL CONTOURS

The timeless appeal of Pavilion Slique draws on classical architectural proportions, with substantial columns, proud bulkhead and distinctive Edge gutter. Offering you a simply beautiful environment for your outdoor lifestyle.

CONTEMPORARY ROOFING OPTIONS

You can select from the smooth ceiling-like finish and thermal performance of Cooldek insulated roofing, or the clean spans of Stratco's Slique Deck in a range of colours. Both offer a clean modern appeal.

DAY AND NIGHT LIGHTING

To create the right ambience for your alfresco lifestyle, a range of integrated, dimmable LED lighting options are available for your Pavilion Slique or Grande.

Day lighting under any Pavilion is also enhanced by the inclusion of Cooldek Cool Light which captures cool, free sunlight to enhance your daytime enjoyment.

Other sunlight options are also available which can be discussed with your Pavilion consultant.

INTEGRATED SCREENING

Ambient Outdoor Blinds integrate seamlessly with Pavilion to offer you a beautiful range of solutions to outdoor lifestyle issues such as sunglare, heat control, UV protection, privacy, and even insect control. To further enhance your lifestyle, all year round.

PAVILION

PAVILION™ ALLURE

STUNNING ARCHITECTURAL APPEAL

INNOVATION IN OPENING ROOF PATIOS

Presenting the latest addition to the Stratco Pavilion range - Australia's most desired alfresco brand. The Allure offers you the very best in all-season alfresco living with remote controlled opening louvres and a flat ceiling appearance when closed.

The Allure has an impressive architectural appeal with clean lines and low profile fixings in a range of popular colours to accentuate any home. It is sure to be a hit when entertaining, and bring a smile to your face when enjoying your quiet outdoor space.

The Allure is brilliant for rain, shade and ventilation control anytime of the year to maximise your outdoor enjoyment and genuinely extend your outdoor living season.

MODERN DESIGN

Designed with smooth angular lines and solid posts and beams to give an impressive architectural appeal. The 250mm high beams and internal gutter give a clean bold appearance, while the countersunk, colour-matching screws and low profile bracketry show a market leading attention to detail. Allure combines the best of sleek modern design with a versatile outdoor living space.

ULTIMATE SUNLIGHT CONTROL

With the remote control you can precisely adjust your louvre angles to control sunlight levels in your outdoor living space. From blocking the dazzling summer sun, to welcoming the warming winter sun - you have complete control at your fingertips.

Clean lines provide an impressive architectural appeal

Precisely control the level of sunlight you desire

Closed louvres provide a beautiful ceiling appearance

"The very best in all-season alfresco living with remote controlled opening louvres and a flat ceiling appearance when closed."

STRATCO PAVILION™ ALLURE

SUPERIOR RAIN PROTECTION

Designed with excellent water management in mind, the Allure louvres have very deep side channels which direct water flow to smartly designed internal box gutters and away through downpipes. The rain sensor automatically closes all louvres at the first sign of rain, providing market leading rain and weather protection.

EXCELLENT VENTILATION

With your Allure louvres partly open, you can effortlessly manage the refreshing airflow in your outdoor living space. Angle toward the prevailing breeze to push air in and down, or angle away from the breeze to allow fresh air circulation. Enjoy a fresher outdoor experience anytime you want without losing any comfort.

ATTRACTIVE FLAT CEILING

The reinforced, one piece extruded louvre doesn't warp, buckle or twist, and the anti-rattle weather strips inside each louvre overlap to provide a flat ceiling underside. This, combined with the 200mm wide gloss coated underside, provides a genuinely beautiful ceiling appearance.

SUPERIOR PERFORMANCE

The Allure has been specifically designed using all aluminium and stainless steel components to provide excellent durability, in particular in coastal locations.
